- [_New faces in the Stem Cell Network NRW](#)
- [_Conference calendar](#)
- [_Follow us on social media!](#)

With kind regards from the management office
Dr. Sira Groscurth and Martin Heyer

[_Current developments in stem cell research](#)

The Interdisciplinary Working Group Gene Technology Report of the Berlin-Brandenburg Academy of Sciences (BBAW) has published the book "Stem Cell Research; Current Scientific and Societal Developments". As well as extensive articles on the state of research and articles on ethical and legal questions in stem cell research, the book also contains recommendations for action by the Interdisciplinary Working Group on various areas of regulation and research funding.

[_ISSCR publishes guideline for clinical trials](#)

The International Society for Stem Cell Research (ISSCR) has published a guideline on handling stem cell-based clinical trials. The document is intended for physicians, clinical ethics committees and regulatory agencies, and is designed to assist them in assessing clinical trials with stem cell-based techniques.
